

# CARE CARD

## ZEON<sup>®</sup> ZOYSIA

Super-Sod is here to help you get the most out of your luxurious Zeon Zoysia lawn. Lawn care is simple and rewarding when you follow these steps.

### USE SUPER-SOD PRODUCTS

#### WATERING

1" water per week  
Water in the morning  
Water deeply for deeper roots, thus a stronger lawn

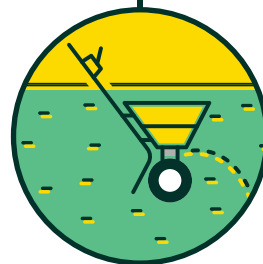

#### MOWING

Height: 1 to 1.5"  
Frequency: 7-10 days  
Mow off no more than 1/3 of the leaf at a time (to avoid scalping)

#### FERTILIZING

Fertilize when your lawn is green and actively growing in April through August  
Lime only as needed, based on results of a soil test  
We recommend a yearly soil test

#### WEED & FUNGUS CONTROL

Pre-emergent herbicide in February, April, September to prevent weeds\*  
Post-emergent herbicide to weeds you can see, as needed  
Preventative fungicide in April and October

\*Restrictions apply to sod less than 1 year old – consult your local Super-Sod for advice.

#### COMPOST TOP DRESSING

Level Mix – evens out bumps or depressions often found in new lawns  
Soil<sup>3</sup> compost – gives a boost of natural nutrients while improving soil structure
