

Sprouting Seeds Activity

Materials:

My Seed Planter Sheet
Brown construction paper
Lunch size Ziploc bag
Large lima bean (or other bean/seeds)
Water
Paper towels
Tape

Directions:

1. Copy "My Seed Planter" on brown construction paper.
2. Cut out the planter and the inside square (on the dotted lines) out.
3. Moisten and fold a paper towel to fit inside the Ziploc bag.
4. Place 4 lima beans inside each bag. They should rest on the paper towel and be seen from the outside.
5. Close the bag (do not flatten to remove all the air) and tape it to the back of the planter so that the seeds can be seen through the "window".
6. Tape the planter to a classroom window that gets sunlight.
7. Observe your seeds daily and record your observations.
